- Entrepreneurship and Innovation
- Entrepreneurship and Incubation
- Entrepreneurship and Industrialization.
- Designing Organizations for Creativity and Innovation
- Importance of Cross country trade.

THE CONFERENCE

In today's world, connecting with entrepreneurs, innovators and investors couldn't be easier. Though we can connect digitally very easily, there is something to be talked about face-to-face conversations, learning from industry experts and engaging in conversations with people from all over the world on a common platform. Being surrounded by like-minded entrepreneurs can be an eye-opening learning experience and networking is a crucial part of the growth of any business.

This conference is one of the most anticipated entrepreneur events for ALEAP members. The list of speakers is world class and the topics always focus on powerful new ideas and perspectives. During the 3-day conference, participants will learn and connect with industry leaders nationally and internationally.
The Main Aim of the Conference:

This year's theme, “Innovation, Incubation and Industrialization”, brings together renowned CEOs, aspiring entrepreneurs, industry experts, and pioneers from around the world.

This Conference brings in new technology to foster the best ideas, innovations and insights into how technology is changing business, society and culture around the world.

The Women Entrepreneur Conference will bring together inspiring leaders and visionaries with one purpose to help others grow, gain powerful insights, fresh opinions and practical solutions. Not only will attendees be able to enjoy inspiring keynotes, they’ll have the opportunity to connect with other business owners, executives and industry leaders.

This year's summit will feature technology leaders from the growth companies aiming to change the world through new technology. If you're an entrepreneur, innovator or anyone with a passion for changing the world through tech, this is the event for you.

WITH

Promotion of Cross Country Trade in the SAARC Region by establishing:

Women Entrepreneur International Trade & Technology Hub (WITH)

Coordinated by: ALEAP,

SAWDF (South Asian Women Development Forum), Govt. of Andhra Pradesh and Govt. of India Although countries of South Asia are tied by shared history and culture, they trade very little among themselves in spite of having regional free trade agreements. This initiative of establishing WITH is expected to help the developing countries of this region to integrate more effectively with the global economy.
